

# Rescue Cream

Helps to Heal and Restore Damaged Skin

Linoleic Acid | Evening Primrose Oil | Arnica Extract | Sweet Almond Oil

## **DESCRIPTION:**

A highly concentrated emollient which helps to heal and restore the skin. Created to help those recovering from chemotherapy and radiation treatment. Active ingredients help to significantly calm and improve skin as well as reduce blistering. It seals the surface of the skin, locking in moisture, allowing the healing and regeneration process for deep tissue to begin.

## **FEATURES AND BENEFITS:**

**Begin Skin Healing** | Evening Primrose Oil rejuvenates and regenerates skin, protecting against irritation. Contains a high amount of Linoleic Acid to regulate cellular activity. Balm Mint Extract is calming and soothing and stimulates skin's circulation.

**Reduce Redness & Blistering** | Arnica Extract stimulates blood flow and is considered one of the best remedies for bruises. It relieves inflammatory skin conditions by helping the skin produce collagen. Apricot Kernel Oil nourishes, repairs, moisturizes, and soothes inflammation. Squalane, a natural oil from the olive pit, repairs skin and is hydrating and softening.

**Lock in Moisture** | Sweet Almond Oil contains olein, an important amino acid with a high content of Vitamin F, which acts as a free radical exchanger and skin protector. It also softens skin and has antiseptic properties. Cactus Extract is soothing, healing, and antiseptic. It was used by the American Indians in salves and ointments as a healing agent in the treatment of wounds, bruises, rashes and other skin problems.

## **USAGE:**

Apply Rescue Cream to clean skin after a strong or aggressive peel or laser resurfacing or after surgery (make sure that scar tissue has closed the wound), and allow it to rest. Do not massage. Ideal for the entire face and body or wherever there is skin damage. Use at night for better healing.

## **INGREDIENTS:**

Hydrogenated Vegetable Oil, Carthamus Tinctorius (Safflower) Oil, Prunus Amygdalus Dulcis (Sweet Almond) Oil, Olea Europaea Hosk (Squalane) Oil, Bis-Diglyceryl Polyacryladipate-2, Natural Beeswax, Aloe Barbadensis Gel, Phospholipids, Glyceryl Stearate SE, Glycerine, C12-15 Alkyl Benzoate, Oenothera Biennis (Evening Primrose) Oil, Cereus Grandi Florus (Cactus) Extract, Prunus Armeniaca (Apricot) Kernel Oil, Octanoic Acid, Arnica Montana, Flower Extract, Persea Gratissima (Avocado) Oil, Melissa Officinalis (Balm Mint) Extract, Citrus Aurantium Dulcis (Orange) Oil, Tocopherol, Glycine, Alanine, Retinyl Palmitate, Ascorbyl Palmitate, Disodium EDTA, Oxy CA (Rosmarinus Officinalis Leaf Extract CO2 and Ascorbyl Palmitate and Caprylic/Capric Triglycerides and Ascorbic Acid and Tocopherol and Citric Acid)
