Sensitive Moisturizer

Gentle, Soothing & Richly Moisturizing

Allantoin | Aloe Extract | Aspartate | Cocoa Seed Butter

DESCRIPTION:

An ultra emollient moisturizer which helps to soothe skin and effectively reduce irritation. Reduces the appearance of visibly sensitized and cracked skin. Intensely hydrating and gentle with a high potency form of antioxidant Vitamin E. Active ingredients help to make the skin feel smooth and soft with improved skin texture.

Formulated with our unique and effective Alphasomes® C-8, an advanced phospholipid nanotechnology-based skin care delivery system,

ingredients are able to penetrate to the target skin area, creating a supportive phospholipid and protective barrier on the skin.

FEATURES AND BENEFITS:

Protect from Irritation | Allantoin helps to protect the skin against irritation.

Moisturize & Soften | Copper, Magnesium, Zinc, and combination of Aloe, Aspartate, and Gluconate help to moisturize sensitive skin. Cocoa Seed Butter, Shea Butter, Dimethicone and Cyclomethicone soften cracked and sensitized skin.

Protect Against Aging | Life Yeast Cell Extract and Green Tea are antioxidants which help to protect against the signs of aging. Avocado Oil, Rosehip Oil and Green Tea are also anti-oxidants as well as skin regulators. Ethylhexyl Methoxycinnamate provides environmental protection.

Fresh Natural Scent | Natural Orange Oil and Grapefruit Peel Oil provide a naturally fresh orange and citrus smell.

USAGE: After cleansing and toning, gently smooth onto skin in an upward and outward motion. Use morning and evening.
